

## **30 MINUTE SIZZLE STEAK STEW YUMMY, QUICK DINNER!**

We used to carry Sizzle Pots, so many recipes reference them. Maybe one day, we can sell them again!

1. Place frozen steak, 3T beef broth & 2 C water in Sizzle. Use med high heat.
2. Use your BIG MOUTH CHOPPER to process: 2 large potatoes, 4 carrots, 3 stalks celery, 1 large onion.
3. Remove steak & chunk or slice.
4. Return to SIZZLE with chopped veggies & quart of water.
5. Seat lid in place. Cook another 10 minutes.
6. Again, using CHOPPER, process some cabbage & peppers. Add to pot.
7. Cook until done. Use a thickener and seasonings, if desired.
